WINE MAKING

Harvesting is entirely manual. After decanting, the musts are transported daily to Puligny-Montrachet for fermentation and ageing, under the watchful eye of Domaine Leflaive's technical team.

Vinification takes place in vats, and ageing lasts from 15 to 16 months.

Pressing: Long, gentle pneumatic pressing, 24-hour decanting, followed by settling and racking.

Fermentation: In oak barrels, 15% of which are new.

Ageing: After 12 months in barrel, the wine is aged for 6 months in vats, where it is prepared for bottling.

Fining: Homeopathic fining (fish glue) and very light filtration if necessary.
